ABOUT ME

I am a Full stack Web Developer proficient with the latest Web Application Development tools and skills. My development skills spans technologies and frameworks like PHP CodeIgniter, Laravel, MERN Stack, MySQL, Flutter, etc.

WORK EXPERIENCE

Sentinel Resources and Capital Investment Ltd.

Senior level | Mobile App Developer
Lagos , Nigeria
2020-12-01 | 2021-02-01

I developed the Sentinel Web App. I developed the model which would guide the entire software development process. I was the developer in charge of developing blocks of code for every of the App Functionality. I integrated into a MySQL database where I designed the relationships and keys. I was also responsible for the successfully deployment of the App.

E-Terra Technologies Ltd.

Mid level | Business Development Executive
Lagos , Nigeria
2019-08-01 | 2021-01-01

I worked with the Business Devt. Director to enhance company's ISO documents including Certificates, Project forms, etc. and ensure proper documentation of every project activity. I ensured seamless cooperation between the Business Development Team, Technical Team and Clients for every project, from commencement to conclusion. I ensured the continuous update of every company's social media handle, and I maintained good relationship with new and existing clients. I maintained appropriate reporting to the Director of Business Development and participated in a successful ISO audit.
